

Christian Jay Baquilid

Computer Science student · Aspiring software developer

Taguig, Metro Manila jaybaqs31@gmail.com 0945 438 5913 christian-baquilid.pages.dev github.com/partypancakes31

ABOUT

Computer Science student at STI College Global City with an interest in web development, artificial intelligence and digital products. I build whole products, from the database and its security rules to the screens people use, and I'm looking for an internship to gain real-world software development experience with an engineering team.

EXPERIENCE

Freelance Web Designer Christian Builds 2026 – Present

- Design and build fast, phone-first websites for local businesses, from first consultation to launch and upkeep.
- Next.js, React, Tailwind CSS and Cloudflare Pages. Portfolio at christian-builds.pages.dev.

Independent Developer Personal projects 2025 – Present

- Design and develop small web-based tools and browser utilities focused on usability and simple problem solving.

Product Ideation Contributor SM Life App 4.0, remote 2025

- Assisted in ideation and concept discussions for features of the SM Life App 4.0 HR platform upgrade.
- Contributed ideas on user experience, engagement modules, and the structure of employee programs and internal surveys.

PROJECTS

FeedBook Android app, sole developer 2026

- Community grocery price map that compares nearby stores within 2 km and against DTI suggested retail prices, and re-prices a monthly shopping list at the cheapest nearby store.
- Java and Android with Supabase (PostgreSQL + PostGIS): geospatial queries, row-level security, and 16 versioned schema migrations with tests.

SkillGap Thesis web app 2025 – 2026

- Skill-assessment web app with a composite scoring algorithm (difficulty, speed, consistency) and AI feedback that names the concepts a student missed.
- React, Vite, Firebase and serverless functions. Piloted with 21 students; live at sgsys.space.

EDUCATION

BS Computer Science STI College Global City 2024 – 2027

BS Computer Science Lyceum of the Philippines University 2022 – 2023
